

# Low-Profile Rugged Floor Scale

**EXCEPTIONAL PERFORMANCE** at an **ECONOMICAL PRICE**

## PD Floor Scale

*PD* series floor scales provide exceptional performance in light industrial for warehouses, logistics operations, processing plants, and shipping/receiving departments. Ideally suited for pallet, drum, and package weighing, the PD's checkered mild steel deck tread-plate with powder-coat paint handles rugged industrial weighing use.

Quick connects and immediately with minimal installation and setup.

The PD floor scales come in 4-foot-square steel checkered deck platforms for a universal industrial weighing size. The scale's anti-corrosion shear beam load cells provide high accuracy and long-lasting reliability.

While these floor scales are value-priced, the PD utilizes a ruggedly-built design to offer efficient installation and operation for heavy-duty use. All internal components are highly protected against fork trucks and other industrial abuse by the 5mm thick checkered steel deck protection.

The digital weight indicator is not included, and Scale-Tech (Global) offers a multitude of models to select from to compliment your scale.

## Technical Data PD Floor Scale

### Applications

- Legal-for-trade
- Pallet weighing
- Shipping & Receiving

### Product Features

- Stainless Steel J-box
- Painting Platform
- Adjustable Feet
- Internal Wiring Fully Protected
- Pit-less Design for Easy Installation

### Optional Ramp

Ramps allow easy access from any side of a scale, eliminating the need to lift heavy loads onto the platform.

### Standard Sizes & Capacities

Model	Capacity (kg)	Accuracy	Increment (kg)	Platform Size (mm)
PSQ0808-1.5T	1500	III	0.5	800 x 800
PSQ1010-1.5T	1500		0.5	1000 x 1000
PSQ1010-3T	3000		1	1000 x 1000
PSQ1212-1.5T	1500		0.5	1200 x 1200
PSQ1212-3T	3000		1	1200 x 1200
PSQ1515-3T	3000		1	1500 x 1500
PSQ1515-6T	6000		2	1500 x 1500
PSQ-2020-6T	6000		2	2000 x 2000
PSQ2020-10T	10000		2	2000 x 2000
