

SKY-C High Precision Balance

Features

- High resolution in 1/30,000, accurate and stable, The precision setting is flexible and the maximum resolution can be 1/300000
- Use battery and plug in dual mode to avoid power instability or power failure.
- Single point and multi-point calibration function to ensure weighing accuracy
- Automatic average unit weighing function to ensure counting accuracy.
- Automatically adjust zeros and filter software, weighing reaction speed can be adjusted according to different environments.
- LCD screen display with LED backlight ensures weighing data can be clearly seen in dim light conditions.
- Three stage quantity warning function. It can set upper limit, standard, lower limit quantity warning, and has a set of memory function.
- Number cumulating function and can display one by one, also has eliminating function.
- It can be equipped with two-way RS-232+RELAY+RTC interface, external PC, all kinds of self-adhesive printer, firing pin printer and so on.
- Small and exquisite appearance and can be used as a balance as well as counting scale.

Specifications

Model	SKY-C-300	SKY-C-600	SKY-C-1500	SKY-C-3000
Capacity (g)	300	600	1500	3000
Division (g)	0.01	0.02	0.05	0.1
Weighing units	kg, g, lb, Cj, Tj, Hj			
Display	LCD count integration			
Weighing pan (mm)	φ 117*7mm			
Dimension (mm)	238*175*75mm			
Weight	980g			
Battery	Lead acid Battery 6V1.3A			
Certificate	CE
