

IDS-ST Low Profile Industrial Floor Scale

STRUCTURAL DESIGN • SPECIALISED FOOTING

The IDS series features square platforms with up to 10,000kg capacities, coated alloy steel shear beam load cell, 2-3mm thick checkered steel deck, 60mm diameter adjustable rubber feet, stainless steel junction box and durable structural steel channel. IDS-ST floor scales provide exceptional performance in light industrial which is ideal for warehouses, logistics operations, processing plants, and shipping/receiving departments. Ideally suited for pallet, big sizes cargo, drum, and package weighing with the help of forklift. The IDS-ST's checkered mild steel deck tread-plate with powder-coat paint handles rugged industrial weighing use. Pit-less design for easy installation on ground level. Optional ramp available for Pallet Truck / Stacker access.

Various Digital Weighing Indicators for selection

Model	Capacity (kg)	Readability (kg)	Dimension (mm)	Cable Length
IDS0808-ST-1.5T	1000 / 1500	0.2 / 0.5	800 x 800	5m
IDS1010-ST-1.5T	1000 / 1500	0.2 / 0.5	1000 x 1000	
IDS1010-ST-3T	2000 / 3000	0.5 / 1	1000 x 1000	
IDS1212-ST-1.5T	1000 / 1500	0.2 / 0.5	1200 x 1200	
IDS1212-ST-3T	2000 / 3000	0.5 / 1	1200 x 1200	
IDS1515-ST-3T	2000 / 3000	0.5 / 1	1500 x 1500	
IDS1515-ST-6T	5000 / 6000	1 / 2	1500 x 1500	
IDS2020-ST-6T	3000 / 6000	1 / 2	2000 x 2000	
IDS2020-ST-10T	10000	2	2000 x 2000
